

SUSTAINABILITY CONSULTANTS

**Do you suffer from sinus,
hay fever or find it difficult
to breathe at night?**

**Want to improve
productivity at the office?**

**For better health disinfect the air
that you breathe!**

With the ætaire you can now easily eliminate bacteria, viruses, moulds, pollens and dust particles from the air you breathe. The air in your living environment is continuously protected, and you can prevent illnesses, allergies and the spread of the substances that cause them.

- Air gets filtered 90%, ionised and disinfected.
- Body resistance gets increased.
- Relieves or eliminates respiratory allergies.
- Illnesses can be prevented.

At the office ...

- Improves productivity at the office by getting rid of viruses, bacteria and moulds that cause tiredness.
- Reduces sick leave by killing viruses in the air.
- Ionised air sets serotonin free in the brain, which makes people feel better and increase productivity.

At home ...

- Sleep well - no more struggling to breathe due to allergies.
- Reduce the effects of sinusitis and hay fever by sterilising the air.
